A

Acatalasemia in medical genetics (McKusick), 58
Acid, folic, daily dose (Crosby), 583
Adrenal or pituitary origin, Cushing's syndrome? (Nelson), 499
Agammaglobulinemia in medical genetics (McKusick), 59
Age–race–sex–occupation, analysis of mortality by; epidemiologic studies on cardiovascular-renal diseases (Stamler et al.), 440
Age–race–sex–place of residence, including urban-rural comparisons, analysis of mortality by; epidemiologic studies on cardiovascular - renal diseases (Stamler and Kjelsberg), 456
Age–sex–nationality, analysis of mortality by; epidemiologic studies on cardiovascular-renal diseases (Stamler et al.), 464
Aged recluse, exploratory study with reference to community responsibility (Granick and Zeman), 639
Alcaptonuria, content and density of water and solid phases of ochronotic cartilage (Milch and Robinson), 409
  in medical genetics (McKusick), 59
Alimentary tract in medical genetics (McKusick), 78
Allergy, chronic, crippler and killer of children (Dees), 326
Alvodine (piminodine), analgesic potency (DeKornfeld and Lasagna), 252
Ambulation, maintenance, in childhood muscular dystrophy (Vignos and Archibald), 273
Analbuminemia in medical genetics (McKusick), 59
Analgesic potency of piminodine (Alvodine) (DeKornfeld and Lasagna), 252
Anemia, diagnosis, in childhood (Wallerstein and Aggeler), 377
Announcements, 296, 664
Anticoagulant therapy, long-term, in outpatient department, techniques and complications (Riddick), 622
Arginosuccinuria in medical genetics (McKusick), 60
Artery disease, coronary, method of study; epidemiology and pathology of (Beadenkopf et al.), 504
Arthritis, rheumatoid, use of Na^{22} to study sodium-retaining properties of steroid therapy in (Ansell and Bernstein), 243
Atherosclerosis in medical genetics (McKusick), 114

in medical genetics (McKusick), 114
Crippler and killer of children, chronic allergy (Dees), 326
Cushing's syndrome—pituitary or adrenal origin (Nelson), 499
Cystathioninuria in medical genetics (McKusick), 61
Cystinosis in medical genetics (McKusick), 61
Cystinuria in medical genetics (McKusick), 61
Cytogenetics in medical genetics (McKusick), 45

D

Death rates from certain chronic and degenerative diseases in United States, relations between hardness of water and (Schroeder), 586
Degenerative diseases, chronic and, relations between hardness of water and death rates from, in United States (Schroeder), 586
Disease(s), chronic and degenerative, death rates from, relations between hardness of water and, in United States (Schroeder), 586
chronic, of childhood, introduction to symposium (Smyth), 297
coronary artery, method of study; epidemiology and pathology of (Beadenkopf et al.), 504
and health, family structure in relation to (Chen and Cobb), 544
heart, in children, clinical evaluation (Simpson), 397
validity of 70 mm. photofluorograms of chest in screening a population for (Chapman et al.), 521
incurable neoplastic, effect of triethylene thio-phosphoramide (thio-TEPA) in treatment of (Levine), 258
malignant, in children (Petrakis), 368
metabolic, of childhood (Hutchings), 391
neurological, in childhood (Skatvedt), 340
newer virus, in childhood (Adams), 315
Dystrophy, muscular, maintenance of ambulation in childhood (Vignos and Archibald), 273
progressive, in medical genetics (McKusick), 143
